

HONLEY CRICKET CLUB FACILITIES DEVELOPMENT GROUP

Report to Holme Valley Parish Council in respect of the grant of £400 (approved 6th April 2017) provided towards the cost of a CCTV system to the new facilities

1. Background to the project

Following the completion of the new changing rooms and refurbishment of the Pavilion at Honley Cricket Ground costing over £325,000 the Facilities Development Group were keen to protect the new facilities with a CCTV system. The Cricket Ground had not been protected by CCTV in the past but from time to time there has been vandalism and costs incurred. In addition the new facilities included a Defibrillator and one of the eight CCTV cameras covers this equipment.

2. Completion of the project

The CCTV system has now been installed at a total cost of £2593.60 including VAT. This was less than the original quotation received due to a more competitive quotation being received. The specification includes a 4 Megapixel 1080p real-time system, operating day and night with a range of up to 20 metres. It has 8 cameras and there are options to upgrade.
