

*I am a relatively new resident to Holmfirth, moving into the area 2 years ago with my partner and our two young children.*

*I am not typically involved in politics, groups or associations but the pandemic has afforded me more time at home, which I'm hoping to use in a productive way. More than ever, I think it's important that people make an effort and contribute to their communities, in whatever way they can. It doesn't have to be much but working together, hopefully we can make a difference, improve things and enjoy a brighter future.*

*My professional background is as a project director for large scale and public events, primarily in sports and music. I hope that I can bring some of this experience to bear and help drive forward the Neighbourhood Development Plan and Climate Emergency Action Plan, in addition to supporting the wider work of the parish council.*
