

10th September 2016

Dear Councillor Brook

Please would you convey the thanks of HCG to the Holme Valley Parish Council for its generous grant of £1000.

This enables us to continue our work to Appraise the conservation town of Holmfirth, a conservation area deemed "At Risk and in Decline", by Historic England.

We were very pleased to be able to tell Historic England of your support when they contacted us with the suggestion that we apply to Historic England for funding. Historic England will be celebrating 50 years of The Civic Amenities Act on 27th July 2017 and Historic England would like this project to be part of its celebrations. Funding from Historic England will allow this project to reach a conclusion around that time which would be a great opportunity for both The Neighbourhood Plan and Kirklees Local Plan to use the HCG Appraisal.

Yours sincerely
Anne Bacon (Chair)
