

Hi Liz

Just want to say a massive thank you to HVPC for the grant of £1000 towards our Christmas Light Switch On held on Saturday 16th November 2019. You may have seen some of the PR we put together for the Examiner and The Review ?.

I have attached a banner that was designed and displayed on Honley Park Railings for 4 weeks prior to the event and is currently on the railings outside HB Bearings near the traffic lights on Huddersfield Road in Honley so a fabulous spot to be read by 1000s, showing our thanks for the grant from HVPC

I have included a few photo's so you can appreciate just how many people attended the event and the joy on the children's faces, this year we estimate to be in the region of four thousand plus.

A massive undertaking by HBA but with so many coming to enjoy the event and showing there pleasure on facebook, instagram and Twitter but mostly the children's faces when they are enjoying the evening.

Once again thanks to all at HVPC and no doubt we will be back again for next years ☺ What am I saying lol

Regards and Thanks
