

***Rachel Hogley***

I joined the council in 2015 and have thoroughly enjoyed the opportunity to help our wonderful community develop and thrive. Connecting with local groups and making our Parish Council better understood and more effective in stimulating and supporting initiatives and events has been of key interest to me. I have strong project management skills from a diverse career in the rail industry and civil service alongside having three young children, and these have been put to good use in leading the development of the Holme Valley Neighbourhood Development Plan and driving our improvements in communications over recent years. I am passionate about supporting local facilities and businesses and alongside my parish councillor role, I am Chair of Holmfirth Christmas Team and a Magistrate.
