

Holme Valley Parish Council

Planning applications lodged with Kirklees from **02 05 2022** to **31 05 2022** - **List 2223-02**. The following applications will be considered by Holme Valley Parish Council ahead of the Planning Committee meeting **06/06/2022**. Where appropriate, recommendations will be made to Kirklees Planning Services regarding whether or not they should be approved, but the final decisions will be taken by Kirklees Planning Services.

Local residents can email clerk@holmevalleyparishcouncil.gov.uk to submit their views on applications or attend the meeting in person.

Full details regarding deadline dates for comments and how to submit a comment can be obtained from the Kirklees' website: www.kirklees.gov.uk/planning

HVPC Reference:	2223/02/09
Application No:	2022/62/91507/W
Proposed Development:	Erection of single storey link extension (Listed Building Within a Conservation Area)
Location:	1, South Street, Wooldale, Holmfirth, HD9 1QH
OS Map Ref:	SE 415317.8696408819.6465

Ward/Councillors:	Wooldale - JB PD DG
HVPC Comment:	Oppose. The Parish Council has concerns regarding the design of the building and its impact on the surrounding area. The accompanying plans are outdated and misleading and do not fully capture the scale of the impact. It is very close to neighbouring properties. The Parish Council wants to draw attention to the implications of the Party Wall Act 1996 to the development. Furthermore, this development will create a 4-bedroom property which has only one parking space. The loss of parking is unacceptable and should be reinstated. The Parish Council also has concerns regarding potential issues with drainage and sewage affecting neighbouring properties. The developer should be compelled to undertake a survey of the drainage/sewage of the proposed development.

Ward/Councillors:	Brockholes - MP
HVPC Comment:	<p>Oppose because of:</p> <ol style="list-style-type: none"> 1) Over-intensification of the site. 2) The development is too isolated. There is a lack of basic connectivity to the village centre at Brockholes. There is no safe cycling and pedestrian access to local amenities, services and schools, with no pavement. The highway is too dangerous at Smithy Place Lane. Developers should be prioritising identifying and developing a safe route to the local school. 3) The application continues to be weak on renewables and sustainability. The developer's "fabric first" approach is inadequate. A sustainability statement is needed with more engagement on green energy strategies. A development of this size should as a fundamental part of its infrastructure be planning for extensive, renewable energy generation across the site. The applicant is again prompted to reflect on the guidance from the Holme Valley Neighbourhood Development Plan which states that: <i>"Promoting Renewable Energy 1. In that part of the neighbourhood area where Kirklees Council is the local planning authority, proposals for individual and community scale energy from hydro-electric, solar photovoltaic panels, biomass, anaerobic air digestion and ground source heating will be supported where they can be achieved without conflicting with the NDP policies to protect and enhance the landscape and built character of the Valley. 2. New developments should develop opportunities to deliver on site heat networks using renewable energy sources."</i> Holme Valley Neighbourhood Development "Made" Plan, December 2021 p152 Policy 12: Promoting Sustainability <p>The Parish Council does welcome the increase in the number of affordable properties, and the increased engagement of the applicant/developer with some aspects of the Holme Valley Neighbourhood Development Plan.</p>

HVPC Comment:	<p>The Parish Council supports the extension.</p> <p>However, the Parish Council wants to draw the attention of officers to aspects of prior applications concerning this property. Under application 2013/93023, an application was submitted for a new entrance with attendant works which would improve highway visibility and then allow the stopping up of the existing vehicle access. The ruling was that highways improvement work had to be undertaken and then the original access blocked off. But in a subsequent application 2018/93392, the new entrance was noted as being built without the prior improvement works or of the original entrance being shut off. Now, under 2022/91653 the applicant clearly states in their submission that they intend to use both entrances. Officers should investigate whether the developer has complied with the 2013 planning approval requirements.</p>
