<b>Proposed Development:</b>	Redevelopment and change of use of former mill site to form 19 residential units (within a Conservation Area)

<b>Ward/Councillors:</b>	Upper Holme Valley - KB TB
<b>HVPC Comment:</b>	<p>The Parish Council continues to be very supportive of the re-development of the site of the historic mill building at Hinchliffe Mill. The Parish Council welcomes the reduction in the total number of houses over the original application. The Parish Council further welcomes the increase in parking provision for the residents of Water Street and Spring Lane.</p> <p>However, the Parish Council objects to the current, proposed development on the basis of: 1) Over-intensification of the site including the use of greenbelt land for the larger properties 2) Regarding highways, the narrowness of the routes is concerning for emergency vehicular access. The Parish Council is also worried about the risk to schoolchildren using the un-paved walk-to-school route on Dobb Lane. Parking provision for the existing residents is still inadequate despite the planned increase. 3) Continued heritage concerns regarding the unsuitable design of the new buildings within or adjoining the conservation area 4) Flood risk 5) Ecological damage.</p> <p>The Parish Council would also expect much more detail in a project of this size on sustainability and renewable energy generation as per the Holme Valley Neighbourhood Development Plan pp152-156 Policy 12: Promoting Sustainability and should include a climate mitigation statement.</p> <p>The Parish Council is dismayed by the loss of affordable, 2-bed housing in the development.</p> <p>The Parish Council feels that it would be in the developer's interest to reach out to local people and to undertake proactive consultation with the local community. Local feeling would appear to be generally in support of the development of the site in a sympathetic manner which fits in with the residential/conservation area and surroundings.</p>
