As legislated, the deadline would have meant that on 1 January 2026, public rights over thousands of paths, which are public highways but not yet recorded as such, or not yet recorded correctly, would have been extinguished, with those rights being lost for ever. This had now been scrapped.
- However, Members further noted, alongside this repeal, that the government also plans to introduce a "right to apply" for landowners to divert or extinguish rights of way in certain circumstances.
