

To all Members of the Planning Committee

You are hereby summoned to attend a meeting of the **PLANNING STANDING COMMITTEE** to be held in the **EXHIBITION ROOM** at **THE CIVIC, HUDDERSFIELD ROAD, HOLMFIRTH HD9 3AS** on **MONDAY 22 MAY 2023** at **700pm** to transact the following business: -

- AGENDA – (A)

Welcome

Open Session at Planning

7.00 pm

At the commencement of the meeting, there will be an open session lasting up to 15 minutes, for members of the public to address Members of the Committee in connection with planning applications to be considered at the meeting. This session allows both applicants and objectors to address Members. Any other information relating to items on the agenda will be considered as part of the agenda item.

Issues/concerns/information not related to any item on the agenda will be considered at a later date or referred to the appropriate body.

2324 18 Public Bodies (Admission to Meetings) Act 1960 amended by the Openness of Local Government Bodies Regulations 2014 on 6 August 2014 **7.15 pm**

As Local (Parish and Town) Council meetings can now be recorded, the Chairman to check if any members of the public wish to record the meeting, to ensure reasonable facilities can be provided. The meeting is already being recorded by the Officer for public broadcast via the Holme Valley Parish Council YouTube channel.

2324 19 To accept apologies for absence **7.16 pm**

2324 20 To receive Members' and Officers' personal and disclosable pecuniary interests in items on the agenda **7.17 pm**

2324 21 To consider written requests for new DPI dispensations **7.18 pm**

2324 22 To consider whether items on the agenda should be discussed in private session **7.19 pm**

- Any recording to be halted during such items and members of the public asked to leave the meeting.

Holme Valley Parish Council

- 2324 23 To confirm the Minutes of the Previous Meeting 7.20 pm**
- Minutes of the Planning Committee meeting held on 17 April 2023, numbered 2324 01 – 2324 17 inclusive **(B)**
- 2324 24 To Elect a Vice Chair 7.21 pm**
- 2324 25 Ward coverage on the Committee 7.23 pm**
- Ideally, Councillors should review all new planning applications on the planning list. However, sometimes this may not be possible due to time constraints. Councillors should as a minimum review all the planning applications in their own parish ward.
- Where there are no members for a ward on the Planning Committee, it is beneficial if a designated member reviews applications for that ward.
- Make up of this Committee by ward:
- | | |
|--|---|
| Brockholes – Cllr Andrew Fenwick | Fulstone – Cllr Kath Fernandes |
| Hepworth – Cllr Tom Dixon | Holmfirth Central – Cllr Mary Blacka |

**DRAFT MINUTES OF THE PLANNING STANDING COMMITTEE HELD AT THE CIVIC, HOLMFIRTH MONDAY
17 APRIL 2023**

Those present:

Chair: Cllr M Blacka

Councillors: Cllr P Colling, Cllr T Dixon, Cllr C Green, Cllr R Hogley, Cllr A Wilson

Officer: Mr Rich McGill (Deputy Clerk/RFO)

Also present: Mrs Gemma Sharp (Assistant Clerk)

Welcome

Before the formal start to the meeting, noting that this was the final meeting of the Planning Committee of the current Parish Council, the Committee Chair thanked all members of the Committee for their hard work and commitment, the officer, and Cllr Hogley, who was stepping down from the Council, for her inspiration in seeing through the Holme Valley Neighbourhood Development Plan. Cllr Hogley was wished a “happy retirement” from life as a Councillor.

Open Session at Planning

One member of the public was present to speak about a specific planning application under Item 2324 08.

RESOLVED: At this point, Members voted to suspend standing orders so that the member of the public could speak on that application when it arose under the new Kirklees applications list 2324 08.

RESOLVED: Members further resolved to amend the order of the applications list so that the application the member of the public was in attendance for could be put to the top of the list order.

2324 01 Public Bodies (Admission to Meetings) Act 1960 amended by the Openness of Local Government Bodies Regulations 2014 on 6 August 2014

As Local (Parish and Town) Council meetings can now be recorded, the Chair checked if any members of the public wished to record the meeting, to ensure reasonable facilities could be provided. None wanted to record the meeting. The meeting was already being recorded by the Officer for public broadcast via the Holme Valley Parish Council YouTube channel.

2324 02 To accept apologies for absence

Cllr RP Dixon has a dispensation for absence currently in place.

RESOLVED: The reason for Cllr Dixon’s absence was approved by the Committee.

Holme Valley Parish Council

2324 03 To receive Members' and Officers' personal and disclosable pecuniary interests in items on the agenda

RESOLVED: Cllr T Dixon declared a personal interest in Kirklees planning application 2324/01/03. The Chair declared a personal interest in Kirklees planning application 2324/01/15.

2324 04 To consider written requests for new DPI dispensations

None had been received.

2324 05 To consider whether items on the agenda should be discussed in private session

RESOLVED: It was determined that no item would be heard in private session.

2324 06 To confirm the Minutes of the Previous Meeting

RESOLVED: The minutes of the Planning Committee meeting held on 6 March 2023, numbered 2223 155 – 2223 174 inclusive were approved.

2324 07 Completed Kirklees Planning Applications List

NOTED: The Committee noted list 2223-10 updated with the views of the Committee.

2324 08 Kirklees Council - New Planning Applications

To consider, new or amended applications received from Kirklees Council 28 February 2023 to 11 April 2023 inclusive – List 2324-01 enclosed.

At this point, as resolved above, the order of the planning applications was changed to move the application to the top of the order which the member of the public was present to speak on.

RESOLVED: That the Planning Committee's comments on the above applications be forwarded to Kirklees Council by the Deputy Clerk.

At this point, the Officer apologised to the Committee because it was clear that not all the applications received since the last meeting had been included in the list sent out to be reviewed by Members. The Officer said he would contact Kirklees to ask for a delay, if possible, in their submitting their reports for the applications that have been missed.

2324 09 Kirklees Council - Planning Officers' Decisions

NOTED: The Planning Committee noted the list of Decision Notices issued by Kirklees Council for the period 28 February 2022 to 11 April 2023 inclusive.

2324 10 Neighbourhood Planning and Reviewing Parish Council Outcomes

i. Conservation Area Awareness

NOTED: The Committee noted that the Deputy Clerk had, again, emailed Helen Bower, Kirklees Conservation Team Manager, regarding the possibility of her attending a meeting of the Parish Council Planning Committee to give a presentation and ask questions on planning heritage issues and conservation areas. She was currently on leave.

ii. Traffic calming including 20MPH Limits and Zones

At the last meeting of the Committee, Members resolved to recommend to Council the purchase of a mobile SID. This was considered at Council 27th March 2023. The Council resolved to spend up to £5,000 on the purchase and attendant costs of a purchase. Members considered any further action on this purchase.

RESOLVED: It was resolved that the purchase of the device and any deliberations on locations for its installation should be left to the newly elected Council after May. However, Members thought it was important that the previous report written by Cllrs Blacka and Wilson on potential locations for a mobile SID should be shared with the newly constituted Planning Committee after 15 May 2023. It was further resolved that the Deputy Clerk would contact Kirklees Highways to establish which lampposts within the Holme Valley were already set up with an electric connection to enable the installation of an SID (without the need for additional works).

At the last meeting, it was resolved to ask Cllr Charles Greaves, Holme Valley North Councillor, for him to report on his proposals for

A. recommending to Council expenditure on 10 Kiddie Cut Out Road Safety Parking Buddies Pavement Signs with Lollipop Messages cones (£1,850) for use across the Holme Valley.

B. recommending to Council to, in principle, commit £2,000 to extending the Brockholes 20mph zone across to Oakes Lane.

NOTED: Cllr Greaves was unable to attend tonight's meeting. He will attend the meeting in May to discuss his proposals.

2324 11 Peak District National Park Authority

i. **NOTED:** Members noted List 2223-10PD updated with the views of the Committee.

ii. Members considered new or amended applications received from the Peak District National Park Authority 28 February 2023 to 11 April 2023 inclusive – List 2324-01PD enclosed.

RESOLVED: That the Planning Committee's comments on the above applications be forwarded to the Peak District National Park Authority by the Deputy Clerk.

iii. **NOTED:** The Committee noted the list of Decision Notices issued by the Peak District National Park Authority for the period 03 January 2023 to 11 April 2023 inclusive.

Holme Valley Parish Council

- iv. **NOTED:** The Committee noted that the Peak Park Parishes Forum had extracted elements from the new Peak Park Management Plan 2023-28 which it thinks is of relevance to the parishes. The full Peak Park Management Plan 2023-28 was also noted.

2223 12 Ongoing Highways campaigns

The ongoing campaigns are:

i. Hade Edge Road Intersection

NOTED: The Committee noted the letter from Kirklees Highways on the pending public consultation on the Hade Edge road scheme. The Chair said she would attend one of the consultation sessions.

Members considered any further action on the consultation.

RESOLVED: No further action at this time.

ii. Burnlee Road Closure

There were still no significant developments at Burnlee Road. Given the length of time that had elapsed since the Parish Council was encouraged not to pursue Kirklees on this matter, the Committee considered any further action on this issue.

RESOLVED: No further action at this time.

iii. Ramsden Road

NOTED: The Committee noted the email from the Parish Council to Will Acornley, commending the installation of the barrier-gates on the lanes adjoining Ramsden Road and asking for information on the plans for the gates to be activated and enforced. The Parish Council had not received a response to this email.

Members considered any further action.

RESOLVED: No further action at this time.

iv. Cartworth Moor Road

Following representation from Andy Leader from Peak and Northern Footpath Society at the last meeting, the Committee had voted to write to Kirklees about the state of this road and that its recreational users should be considered a priority.

NOTED: Members noted the Parish Council's letter to Graham West (sent with the photos from Andy Leader shared previously).

Members considered any further action.

RESOLVED: No further action at this time.

v. Cheesegate Nab

Following representation from residents affected by the opening of Cheesegate Nab and Scaly Gate to off-roaders, quadbikes and trials bikes, the Parish Council had resolved to write to Kirklees.

NOTED: Members noted the Parish Council's letter to Graham West.

Members considered any further action.

RESOLVED: No further action at this time.

2324 13 Unmade Roads, Green Lanes and Byways of the Holme Valley

At the last meeting of the Planning Committee, as listed above, the Parish Council received representation about three unmade roads, - Ramsden Road, Cheesegate Nab/Scaly Gate and Cartworth Moor Road. Previously, the Parish Council has had representation about Round Close Road in Hade Edge. All representations concerned damage and anti-social behaviour affecting unmade roads in the Holme Valley and impacting on residents. At the last meeting, the Committee elected to treat these concerns, firstly, individually, - hence, the communications to Graham West and to Will Acornley, - and, secondly, as a bundled issue sharing common themes. The Parish Council's consideration was that a strategic, protocol-led approach to the issues being faced by Kirklees would be a more effective way of addressing the issues than the current piecemeal approach.

NOTED: Members noted the Parish Council's letter to Graham West asking for a meeting to be arranged between stakeholders (Kirklees officers and leads, Holme Valley Ward Councillors, and the Parish Council) to 1) discuss the broad experience of issues relating to damage and anti-social behaviour on unmade roads in the Holme Valley, and 2) to seek to find ways of working more systematically with issues pertaining to unmade roads.

Members considered any further action.

RESOLVED: It was resolved that the Deputy Clerk would write on behalf of the newly constituted Parish Council May 2023 to get an update on all the local issues with unmade roads identified above, - Burnlee Road, Ramsden Road, Cartworth Moor Road, and Cheesegate Nab.

2324 14 Footpaths and Public Rights of Way

- i. **NOTED:** The Committee noted the notes of the meeting attended by Cllr Green 13th March 2023. Members noted that Cheesegate Nab was discussed at the meeting.
NOTED: It was noted that the Parish Council's representative to the Public Rights of Way forum will be considered at the Annual Council Meeting 15th May 2023. The next meeting is Monday 19th June 2023 7pm at Huddersfield Town Hall. Cllr Green said he would be interested in attending.

Holme Valley Parish Council

- ii. The Committee considered commenting on the “Informal Consultation – Washpit Mills investigation of an application to modify the Definitive Map and Statement and create a byway-open-to-all-traffic (BOAT).”

RESOLVED: It was resolved that, given that the Consultation was seeking the opinions of individuals, the Parish Council would not reply to the consultation but would post to Facebook encouraging local people to get involved.

2324 15 Planning Policy and Guidance

NOTED: The Committee noted that Kirklees had adopted its Affordable Housing and Housing Mix Supplementary Planning Document which the Parish Council had commented on previously.

2324 16 Committee Budget 2023-24

The Planning Committee has one budget line under its remit. This is 4505 Neighbourhood Plan. Its purpose is to support initiatives arising from the Holme Valley Neighbourhood Development Plan.

NOTED: The Planning Committee noted that, at the start of the Council year, the 4505 Neighbourhood Plan budget line contains £3,000. Furthermore, it was noted that in earmarked reserves, the Committee oversees two funds created from underspends on the 2022-23 budget, -

- £3,000 earmarked for the Holmfirth Market project
- £7,000 earmarked for Road Safety, - of which up to £5,000 has been committed to the purchase of a SID.

2324 17 Publicising the work of Holme Valley Parish Council

Members considered recent events or news that this Committee wishes to publicise via the press, Parish Council website or social media.

RESOLVED: As stated above, the Parish Council would encourage local people to get involved with the consultation on the Washpit Mills proposed Map Modification Order via a Facebook post.

HVPC Comment:	<p>Oppose.</p> <ul style="list-style-type: none"> • The Parish Council would expect that large-scale developments like this one would include much more detail on efforts to promote renewable energy and energy efficiency. The Holme Valley Neighbourhood Plan Policy 12: Promoting Sustainability p152 states “All new buildings should incorporate technologies which generate or source energy from renewable, low carbon sources.” The reliance on gas-powered boilers is disappointing. • The Parish Council has concerns that the proposed development will increase the risk of localised flooding. • Parking provision is not adequate for the size of the development and may exacerbate the problems of neighbouring streets. • The plans for the construction phase will compromise highways around the site and cause further access problems. • The working hours proposed for the construction will have a serious negative impact on the lives of people who live nearby. • The Parish Council is unclear whether information supporting this application is written specifically for the development, or whether it is a generic document. The document states that all houses will have solar panels but that does not appear to be shown on the plans. The Parish Council would like clarification as to whether the supporting documentation is bespoke to the site or is merely a generic statement of desirable features. <p>On a positive note, the Parish Council does welcome the high level of affordable housing in the development as currently presented.</p>

Revised comment on this application:

HVPC Reference:	2324/01/16
Application No:	2023/61/90714/W
Proposed Development:	Reserved matters application pursuant to previous outline permission 2020/91146 for erection of residential development of 35 dwellings

Ward/Councillors:	Netherthong - JD JR
HVPC Comment:	<p>Oppose.</p> <p>Given the adoption of the Neighbourhood Development Plan and the Parish Council's Declaration of a Climate Emergency, the Parish Council requests that the following conditions are applied to this proposed development:-</p> <p>1) This development should be net zero, both in terms of its construction and its future use. The Parish Council expects that large-scale developments like this would include much more detail on efforts to promote renewable energy and energy efficiency. The Holme Valley Neighbourhood Plan Policy 12: Promoting Sustainability p152 states. "All new buildings should incorporate technologies which generate or source energy from renewable, low carbon sources." The reliance on gas-powered boilers is disappointing. The Parish Council is unclear whether information supporting this application is written specifically for the development, or whether it is a generic document. The document states that all houses will have solar panels but that does not appear to be shown on the plans. The Parish Council would like clarification as to whether the supporting documentation is bespoke to the site or is merely a generic statement of desirable features.</p> <p>2) Before any ground surface clearance works are undertaken/construction work begins, a rich mix of semi-mature hedge plants should be planted and left to establish for at least 6 months (and thereafter protected) around the whole inner perimeter of the site (not just the areas currently planned for) to give hedgehogs and newts a place of refuge. Further, that the raised timber crib on the southern edge of the development must have a sufficient number of large permanent tunnels through it at ground level to ensure that hedgehogs can safely enter and exit. A full survey should be undertaken during the</p>

native bluebell flowering season (mid-April to late May) to establish the current locations of these plants so that they can be moved for their own protection until they can be safely replanted at the end of the construction period. Existing stone walls, including the one at the western end of Wesley Avenue, should not be interfered with during the bird nesting period (March to June) to ensure that The Wildlife and Countryside Act 1981 is complied with. A Biodiversity Net Gain of 10% and the associated management of this must be in place for 30 years to maintain the specially created ecological habitats after sales have completed.

3) Suitable protections will be incorporated into the development design/construction to ensure that no surface water will enter onto Miry Lane or into the adjacent Dean Brook river.

4) Plot 6 should be removed from the proposed development and replaced with a plot/house that sits between plot 5 and plot 7, which has a similar sized footprint to those adjacent plots, making it a more affordable home.

5) The gate posts should be left in situ in their current position and protected against damage both during the construction phase and after the development has been completed. The stone walls, if they have to be moved, should be reconstructed elsewhere on the site to recreate the valuable wildlife habitat that they currently provide.

6) Wesley Avenue should not be used as a means of access for construction vehicles, deliveries or workers during the construction phase of the development. Furthermore, the Council also needs to make it a condition that those working on or visiting the site do not park on Wesley Avenue.

7) Sufficient parking spaces should be provided to ensure that all of the new residents and their visitors can park there to ensure that there is no overspill into any of the surrounding streets

8) The working hours should be fixed, throughout the duration of the development to 8.00am to 5.00pm Monday to Friday, with no weekend working. It should also be a condition that unnecessary noise is kept to an absolute minimum.

Hi Rich,

Thank you for your email regarding the detail on provision of an additional SID for the ward, I am grateful to the PC for this funding possibility and I am keen to support anything we can do working together to improve road safety. Once the new PC is all set up, I would be very pleased to continue with the collaborative meetings we had started, I felt that this was a positive way to work together to maximise community benefit from both councils.

Specifically on the additional SID provision, during the investigative phase Elizabeth Cuisick was kind enough to provide some information on costs and on administration for the proposed provision. This did include a stipulation that the device would be amalgamated into the existing ward program and that discussions around location etc be managed in the same way - through ward Cllrs. I am more than happy to act as a liaison for the PC on this so that input on location can be included if that would be helpful (unless officer position has changed and Elizabeth is happy to deal with the PC independently, in which case I will of course stay out of the discussion!).

Cllr Crook

We have asked that any and all SIDs are managed through the local Cllrs, because that way, we only have one system to manage.

If the Parish would like to contribute to the costs, then we are happy for them to do that, but we would ask that their requested locations for their SID are submitted via yourselves as Ward Cllrs.

In terms of pricing; Current prices are given below, but it has the rider on it that, whilst we have tried to be accurate, due to inflation and volatility in the market, these prices may differ, at the point of order.

Sign Unit - £2,124.71 (including GPS Tracker)

There is then a 12 Months warranties & Subscriptions of £254.32.

This is an annual fee, payable in advance. It is worth noting that, as you would expect, this price again, may increase annually.

If we need to add a bracket to a lighting column that has not been used before, there will be a charge of £300 per bracket, and then if the chosen column is a concrete one, we either need to replace the column at a cost of approx. £1200, or chose another site.

Once purchased, each move has a cost £432 (this covers the risk of inflation and potential unknown cost. If not spent, this would be returned to original payee)

We would expect that any additional SIDs ordered would be installed and then slotted into the existing programme of planned moves every 3 months, and the data would be

shared in the same manner as all other SID's, with the request that Ward Cllrs then share that intelligence, as you see fit, with the funding organisation.

Delivery is currently taking approximately 12-14 weeks from initial order from us.
END

Best wishes,

Mo

Hi Liz

Holme Valley Parish Council has resolved to work with Kirklees Councillors and officers to look to purchase another mobile speed indicator devices (SID) for the Holme Valley (ultimately, to be managed by Kirklees).

With that in mind, the Parish Council has asked me to enquire whether you can supply us with a list of locations/lamposts which are already set up with the necessary electrical connections to enable the installation of an SID without the need for additional works.

Is that something you would be able to help us with?

All the best,

Rich

Hi all,

An alternative to this would be to pay towards moving the existing HV SIDs more frequently. Whilst there wouldn't be any additional units, it would still cover as many areas, shorter periods have more impact than extended deployments and it would be a much cheaper option.

If we had the funding we would move them every 6 to 8 weeks.

Charles

Holme Valley Parish Council

Planning applications lodged with the Peak District National Park Authority from 27 02 2023 to 11 04 2023 - List 2324-01PD. The following applications will be considered by Holme Valley Parish Council at the Planning Committee meeting **17/04/2023**. Where appropriate, recommendations will be made to the Peak District National Park Authority Planning Services regarding whether or not they should be supported, but the decisions will be taken by the Peak District National Park Authority Planning Services.

Local residents can email deputyclerk@holmevalleyparishcouncil.gov.uk to submit their views on applications or attend the meeting in person.

Full details regarding deadline dates for comments and how to submit a comment can be obtained from the PDNPA website: <http://www.peakdistrict.gov.uk/planning/have-your-say/comment-on-an-application>

HVPC Reference:	2324/01PD/01
Application No:	NP/K/0121/0026
Proposed Development:	To repair Magdalen Road (private carriage road and bridleway). To replace a collapsed stone culvert with plastic pipe and repair the track using locally sourced sandstone. The final covering will be 20mm to dust. The wheel marks made during the work will be filled separately, leaving grass in the centre.
Location:	Public Bridleway Meltham/50 Magdalen Road, Meltham Moor, Meltham
Link:	Planning Application details - NP/K/0121/0026 Peak District National Park Authority
Ward/Councillors:	Upper Holme Valley – KB TB (a short stretch of Magdalen Road is in the Holme Valley)
HVPC Comment:	Oppose. The stone topping of the surface is not appropriate for horses and riders. The lane needs to be maintained as a bridleway.
Decision:

Hi Andy,

We are aware of this and our team will be dealing with it. The same enquiry also came from Peak and Northern so I've copied my response below so everyone has the same understanding of where we are up to:

I have shared our draft plans with you already on the intended action and both our PROW and Highways team had a site visit just prior to the Easter Break in order to finalise the first phase works. The team are hoping that the route will be dry enough in the next week or so, to start the drainage and surface works at the top end.

In terms of restricting access to the route, then we have been considering what is the best tool and correct basis for this, considering intended actions on other similar routes in the area. I think it was worthwhile pausing to consider this, rather than pushing ahead with the original PSPO, in order to create a more holistic approach to the issues at hand, and importantly a consistent and permanent solution.

Our Highways team will continue to support in terms of technical knowledge of condition and the right treatment solutions, whilst our PROW team commence the works themselves. In terms of TROs then we will be finalising these in the coming weeks, ready to start the formal process,

In simple terms we will be looking to progress TROs at the same time for the know problem highways, these are a permanent Order, whilst PSPOs must be reviewed every 3 years and reconsulted etc, with no certainty that they remain in place,

Kind regards

Will

CAUTION: External email. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good Morning Will,

You may have already been informed or seen the latest ASB on Ramsden Road from Facebook

but last night a caravan was towed up the lane, demolished and abandoned.

There's a trail of debris for approx. 100 metres which will require specialist contractors to remove.

This has already been reported to Kirklees and the Police will be attending site today.

The real question here is why the PSPO has still not been put in place to prevent this and other ASB?

In a previous email you stated that consultation would be required and that it would take 3 to 4 months. That 3 to 4 months has now expired; has the consultation been carried out?

When can we expect the PSPO to be put in place?

It's around 2 years now that this process was started and still no real progress on the ground - I really think the residents and National Park users deserve better than this and would expect some urgent action taking to get things resolved.

Please let me know what you intend to do so that I can reassure residents that an end to this sort of behaviour is in sight.

Best regards

Andy Wilson

Hi Graham

I hope you are well. I don't think we got a response to the Parish Council's letter (attached) from 11th April.

With the election of a new Parish Council this week, do you think you could feedback to us on the current situations with the roads named above?

Could you also bring us up to date with the Burnlee Road closure? Is there any news about the status of that longstanding situation that we can share with the new Council?

Kind regards,

Rich

Dear Graham

Please find attached a letter from Holme Valley Parish Council regarding persistent damage to a number of unmade roads and lanes in the Holme Valley by recreational 4x4s and quarry traffic, with a request to help facilitate a meeting between stakeholders.

Kind regards,

Rich
